

Crucial® P5 Plus

works with

PS5™*

*The Crucial P5 Plus meets the performance and form factor requirements for Sony® S PS5™ when used with a heatsink.

Heatsink Ready

Crucial® Technical Recommendations

- Crucial recommends using thermal putty to adhere the heatsink to the P5 Plus for the best user experience.
- If thermal putty options are not available, we recommend heatsinks that offer silicon bands.
- We don't recommend heatsinks that use metal clips. The metal clip could potentially touch sensitive points on the PCB and short the exposed JTAG pads.

Sony® Technical Requirement

- Sony requires a M.2 SSD to perform at 5000 MB/s or higher in sequential reads. The Crucial P5 Plus has a read speed of 6600 MB/s and exceeds Sony requirements.
- Sony requires the heatsink to be no more than 88 mm in height to ensure that both the SSD and the heatsink fit in the SSD slot.

FAQ's:

Question: Will the Crucial P5 Plus fit in the PlayStation® 5?

Answer: Yes.

Question: Does the P5 Plus meet Sony performance requirements?

Answer: As a Gen4 NVMe™ PCIe M.2 SSD, the Crucial P5 Plus fully matches PS5™ storage expansion requirements, and even exceeds Sony's recommended minimum speeds by 20%. For more information visit Sony's PS5 storage expansion requirements page [here](#).

Question: What P5 Plus capacity do you recommend?

Answer: Depending on your budget, we recommend the 1TB or 2TB P5 Plus.

Question: Will attaching a heatsink to my Crucial P5 Plus or installing it in my PS5™ affect my warranty?

Answer: No, as long as you make sure to attach the heatsink to the label on top of your P5 Plus and NOT to the bottom label that reads "Removing this label will void warranty," your Crucial P5 Plus warranty will not be voided by the heatsink or by installation in your PS5. For information about your PlayStation 5 warranty, please consult Sony's warranty terms.

Crucial P5 Plus with M.2 2280 Heatsink inside Playstation 5 SSD Slot

Inappropriate use of the heatsink may cause problems with the P5 Plus. Micron is not responsible for the user damaging the PS5™ or other material. All trademarks, service marks and company names are the property of their respective owners.
